

BACHELOR of APPLIED SCIENCE Management Program Guide (2009-2010)

The Bachelor of Applied Science Degree with a Management major requires at least 120 semester hours of course work and is designed to provide management-related courses to supplement learning already achieved. Students must successfully complete 30 semester hours at the 300/400 level with at least 30 semester hours at Miller College and meet all Miller College graduation requirements to receive this degree. In keeping with the College Mission, students are expected to complete one hour of service learning for every hour they are enrolled at Miller College. Service learning may be performed at any time prior to completion of the Senior Seminar. *The purpose of this guide is to outline the Management program's requirements for the catalog year noted above. Please be aware that your catalog year and requirements are determined by the first semester in which you actually take classes at Miller College.*
